and/or integrate with Google calender.

This would be great for service businesses like mine (Roofing)

Thanks!

Mark,

Your Google Calendar idea (rather a blanket Google + Infusionsoft suggestion) has been submitted to Infusionsoft Idea. Please vote and comment on it at <http://ideas.infusionsoft.com/pages/3978-infusionsoft-product-ideas/suggestions/86154-integrate-infusion-with-google-calendar>

As far as the idea of multiple calendars, I think it's great. Unfortunately, I'm out of votes for now and suggest you submit it.
